Alphascript Publishing. Taschenbuch. Book Condition: Neu. Neuware - An iron is a type of club used in the sport of golf to propel the ball towards the hole. They are so-called because historically the clubhead was generally made from iron. Whilst the vast majority of modern irons are still made from iron, it is almost always its stronger and more durable alloy, steel. There are three main components to an iron, the club head, the shaft and the grip. The...
