

Business Accounting: Reading Guide (Classic Reprint) (Paperback)

Filesize: 7.65 MB

Reviews

It is one of my personal favorite ebooks. It is probably the most awesome publication I have read through. You won't really feel monotony at any time of the time (that's what catalogs are for regarding in the event you check with me).
(Juliet Kertzmann)

BUSINESS ACCOUNTING: READING GUIDE (CLASSIC REPRINT) (PAPERBACK)

Forgotten Books, United States, 2015. Paperback. Book Condition: New. 229 x 152 mm. Language: English . Brand New Book ***** Print on Demand *****.Excerpt from Business Accounting: Reading Guide The volumes of this set are designed for practical use. For the man who desires to obtain a working knowledge of accountancy but is compelled to pursue his study by himself, the five volumes constitute a graded course of reading. If he will begin with Volume I and work methodically through the series, he will come out with a broad and trustworthy grasp of the principles of the subject, and an acquaintance with a wide variety of the points of current practice. The man who has already a knowledge of accounting will find in these volumes a compact and convenient presentation of the entire subject, eminently worthy of frequent reference. In using the set for reference purposes the reader will naturally turn first to the General Index in this volume. He is urged to read over carefully the suggestions on pages 135 to 138 regarding ways of using the index. This Reading Guide, moreover, briefly directing attention to outlining the high spots of all the volumes, will prove a useful supplement to the index, by enabling the reader to check his immediate recollections as to the importance and the full range of points involved in a specific problem. About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books. Find more at This book is a reproduction of an important historical work.
