Brand New Book \*\*\*\*\* Print on Demand \*\*\*\*\*.If the mission of the little school-house in Holly Cove was to impress upon the youthful mind a comprehension and appreciation of the eternal verities of nature, its site could hardly have been better chosen. All along the eastern horizon deployed the endless files of the Great Smoky Mountains-blue and sunlit, with now and again the apparition of an unfamiliar peak, hovering like a straggler in the far-distant rear, and made visible for the nonce by some exceptional clarification of the atmosphere; or lowering, gray, stern; or with ranks of clouds hanging on their flanks, while all the artillery of heaven whirled about them, and the whole world quaked beneath the flash and roar of its volleys. The seasons successively painted the great landscape-spring, with its timorous touch, its illumined haze, its tender, tentative green and gray and yellow; summer, with its flush of completion, its deep, luscious, definite verdure, and the golden richness of fruition; autumn, with a full brush and all chromatic splendors; winter, in melancholy sepia tones, black and brown and many sad variations of the pallors of white.
